MEET YOUR SOCIAL STUDIES TEACHER

Texas History • World Geography • Social Studies

HELLO & WELCOME!

I love helping students discover how history, geography, and government connect to the world around us. My classroom encourages curiosity, critical thinking, and understanding different perspectives.

A LITTLE ABOUT ME

I lived in Monterrey, Mexico, when I was younger, and my father's side of the family is Cuban. I speak English and Spanish and value the many cultures and experiences students bring to class.
